

## **The Blessedness of a Godly Home**

By: Pastor Willard Pyle

The Devil is out to destroy Godly homes. How is it with our homes?

-II Kings 4:26

We need to stand up and defend the Godly home.

-Proverbs 31:10-31

This woman wasn't perfect, but it illustrates what a woman needs to be by the grace of God. This should be our goal. She did this happily and gladly. She cares for her home and for others. A Godly mother makes a home a home, and a Godly home is a home where the inhabitants have been saved.

A blessed home is one set apart to the glory of God. A home is a place where we need to remember to stop and glorify God. It's a home that's built on the principles of the Word of God. A Godly home is where there's harmony and unity. Parents should not argue in front of their children. A Godly home is where each have their God-given responsibilities.

-Ephesians 5

-I Peter 3:1-9

There are no secondary jobs when it comes to the home. A Godly home is one where each gives help and encouragement to each other. A Godly home is one where love is the spiritual glue that holds it together. A Godly home is one where each shows appreciation and thanksgiving. A Godly home is one where there is compassion and concern. A Godly home is a home where Christ is the central figure. A Godly home is a home where there is forgiveness. A Godly home is a home where daily prayer is practiced.
